

LEADERSHIP

Shagun Malhotra
Founder

Shagun is the visionary behind the product and user experience. A CPA, CIA and an experienced auditor and process consultant, she designed ART for accountants. Having gone through the broken and inefficient process various times over, she believed there was a more efficient and user friendly way to do reconciliations. Being process focused, Shagun injected process within ART to deliver a product that is highly integrated and process centric. Shagun started her career in public accounting and has worked in Fortune 100 companies such as Marriott and Freddie Mac. Her work focused primarily on internal controls and risk mitigation in both, the international and domestic arenas. She has been a speaker for Fast Trac – a Kauffman Foundation program and is very passionate about entrepreneurship.

Nancy Wu
Head of Sales

Nancy leads sales for SkyStem in the United States. Prior to joining SkyStem, she was a Senior Manager at Protiviti. As part of the Finance Accounting and Excellence practice at Protiviti, Nancy served on numerous global accounts, including AIG, BP and Accenture. Throughout her career, she focused primarily on process transformation initiatives in the Finance office. Nancy is an internationally published author. She is also the author of Back Office Mechanics, a blog dedicated to transforming Finance through small ideas. Nancy has a B.S. and a B.A. from the University of Pennsylvania.
